

## XPERIENCE THE MALLORCAN SUMMER

BIKING/REQUEST

THURSDAY

### BIKING ON REQUEST

Mallorca is the ideal setting for cycling, be it professional, amateur or simply as a way to enjoy oneself on a means of transport that allows the surroundings to be admired to the utmost. The preseason training that several professional and amateur teams carry out in the islands is proof of the top-quality infrastructures.

Cycling through sunny landscapes, almost traffic-free roads, rustic villages, sacred monasteries, climbs among the soaring peaks of the Tramuntana and not to forget the adventurous trails to hidden coves of the Mediterranean sea...

Every Thursday we offer a huge variety of possibilities to discover Mallorca on bike - depending on your wishes!
